

Upgrade Implementation Consultant

Galen Healthcare Solutions is a Professional and Technical Services Company with a specific focus on assisting members of the health care community with the challenging, sometimes painful task of migrating to a predominantly paperless world. Galen has built the largest and most accomplished group of Enterprise EHR professionals within our community. Along with size and experience, Galen brings true breadth and depth across Implementation, Project Management and Technical Services.

In 2010, *Inc.* magazine ranked Galen Healthcare Solutions #21 in the health industry and #333 overall on its fourth annual Inc. 5000, an exclusive ranking of the nation's fastest-growing private companies. The list represents the most comprehensive look at the most important segment of the economy—America's independent-minded entrepreneurs.

Galen prides itself on being a unique consulting organization and is well-positioned to leverage its experience, its relationships, and its expertise to empower its partners in their efforts to provide extraordinary patient care through the use of technology. We encourage forward-thinking, learning and applying new skills and think of ourselves as a family.

Position Description

We are seeking an experienced professional for the position, Upgrade Implementation Consultant. This individual is focused on assisting clients through the process of upgrading their Electronic Health Record, which entails helping them with product functionality, assisting with new feature design and build processes, while ensuring they have a positive experience.

You will be responsible for:

- Guiding clients through the upgrade process
- Assisting clients with system design and build activities
- Becoming Allscripts EHR functional experts

Requirements

- Strong communications skills
- Project leadership
- Ability and desire to learn new technology

Additional desired skills:

- Healthcare experience (IT or clinical)
- Knowledge of a major EHR vendors' application: Allscripts, Cerner, Epic, NextGen, GE
- Project Management experience

embrace the new world of healthcare

Travel: Averages 25%
